• Owned by Roseda Farm, Monkton, MD

- We start the second installment of The Source Sessions the same way that we started the first, with an incredible herd sire who brings so many desirable traits to the breed, and is backed by some of the most influential cow families present today.
- Matt Dillon is the playbook result of the "Program" at Roseda Farm - monster growth numbers with a powerful display of carcass traits: CW @ 99, Marb @ 1.88, RE @ 1.13, SB @ 266, and SC @ 388.
- When you blend the cow families of the Blackcap's, the Flora's, and Sunrise A246, you create the basis for the predictability and reliability in this bull who has the potential to influence the breed for the next generation. The dam is part of the great flush here at Roseda that produced 3 high-performing donor cows and 2 AI stud sires, including the \$70,000 Roseda Powerplant, who resides at Alta Genetics today. This bull will be used heavily within the Roseda Farm program over the next 2 years.
- Top 1% in 14 EPD and \$Value indexes.
- Selling 2/3 interest and full possession.
- Sale Rep: Joel Judge 805-234-7191
